

Genesis Décor specializes in designing and manufacturing durable, attractive, and easily installed area décor and cabinetry for micro market, office coffee service, and vending areas. We make your installation not only beautiful, but quick and easy because our units are shipped 90% pre-assembled.

Basics 80 Cabinetry – The Basics

Our Basics 80 cabinets are simple and compact. These cabinets provide the basics needed in the most economical setup we offer. This is truly a set and go market option.

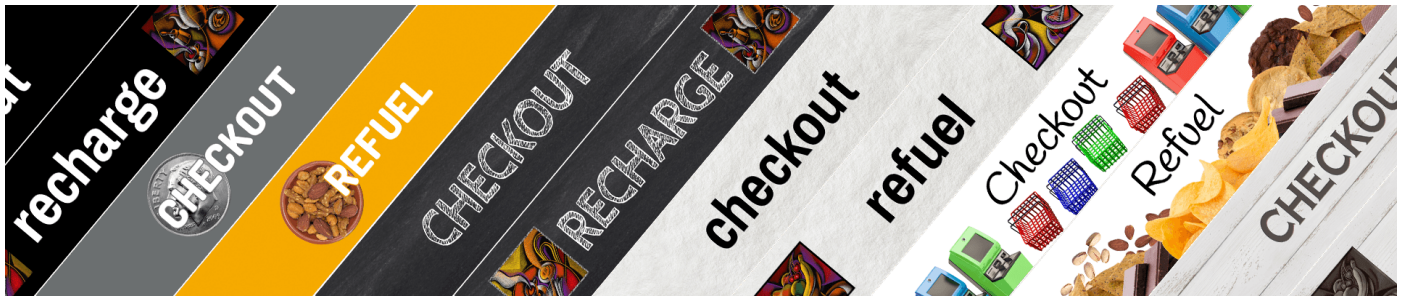

About the Cabinetry

At 80" tall, these cabinets are the same height as most coolers used in micro markets. Create a setup with these cabinets, sitting beside one or more coolers, and you have a minimal cost market that meets all the functionality of our more expensive offerings. Available with or without graphics, these cabinets come pre-assembled, ready to set and go. Perfect for marginal accounts or where space might be a problem.

Graphic Options

Choose from our options, add a logo or let us create a custom design just for your markets. Each of the options also are available without the motifs.

Cabinetry Color Options

Most of our millwork is made from thermally fused laminates (TFL) on a particleboard core and our countertops are made with high pressure laminate on plywood. We stock 10 popular colors and two countertop color options.

For additional information about this line of cabinetry, please see our **Basics 80 - The Details** flyer.
