80"H Cabinetry

About the Cabinetry

At 80" tall, these cabinets are the same height as most coolers used in micro markets. Create a setup with these cabinets, sitting beside one or more coolers, and you have a minimal cost market that meets all the functionality of our more expensive offerings. These cabinets come pre-assembled, ready to set and go. Perfect for marginal accounts or where space might be a problem.

These cabinets are available with or without graphics on the 8"H built-in header. Standard cabinetry sizes may be adjusted as needed. Puck lighting, baskets, pegs and shelving all may be added as needed.
