

Genesis Décor specializes in designing and manufacturing durable, attractive, and easily installed area décor and cabinetry for micro market, office coffee service, and vending areas. We make your installation not only beautiful, but quick and easy because our units are shipped 90% pre-assembled.

Most of our millwork is made from thermally fused laminates (TFL) on a particleboard core and our countertops are made with high pressure laminate on plywood. We stock 10 popular colors and three countertop color options.
