

Genesis Décor specializes in designing and manufacturing durable, attractive, and easily installed area décor and cabinetry for micro market, office coffee service, and vending areas. We make your installation not only beautiful, but quick and easy because our units are shipped 90% pre-assembled.

Elite Cabinetry – The Basics

As our premier line of cabinetry, Elite offers dimensional headers, accent lighting behind the signage, premium slatwall, and lexan stops on the fronts of the shelves.

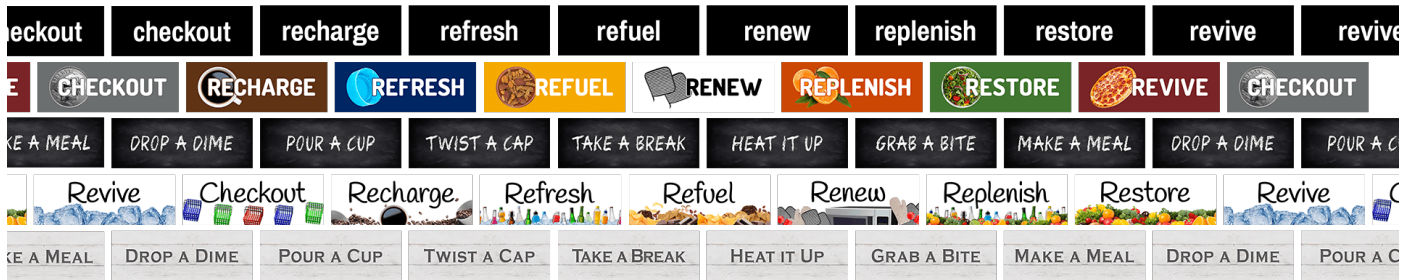

About the Cabinetry

Standing a full 92" high, the Elite line of décor offers the look you need for those high-end locations. The core cabinets are self-contained with the headers built in. There are matching headers for over the coolers, providing a unified look across the entire lineup. Lighting behind offset sign panels, slatwall with aluminum inserts for enhanced durability, lexan stops on the fronts of shelves, and an overall look that brings a sense of luxury to almost any space.

Graphic Options

Choose from our graphic options, add a logo or let us create a custom design just for your markets. Each of the following options also are available without the motifs or graphic icons.

Cabinetry Color Options

Most of our millwork is made from thermally fused laminates (TFL) on a particleboard core and our countertops are made with high pressure laminate on plywood. We stock 10 popular colors and two countertop color options.

For additional information about this line of cabinetry, please see our **Elite - The Details** flyer.
